Hey GTO fam,

Today we're rolling out Bricks2Beds, our latest drive that turns everyday donations into dormitory beds for the teenagers attending ACET Zimbabwe's Youth Skills Course. These youngsters aren't following the usual academic track; they're learning hands-on trades so they can earn a living and support their families. Right now the campus has just one dorm block with space for 12 students and it's full. A handful of teens are sleeping in a classroom storeroom because their homes are too far away to commute. Six more are waiting to enrol, but there's nowhere for them to stay. That's where we step in.

Why now? On 20 September a volunteer crew will land on site, tools in hand. To make sure the materials are ready and waiting, we need US $7 596.80 in the pot before wheels-up.

IF YOU GIVE...	WE CAN BUY	WHICH MEANS
$1	six foundation bricks	a sturdier wall
$5	half a pack of roofing nails	a leak-proof roof
$19	one zinc roof sheet	dry beds all year
$35	a window frame	light and fresh air
$50	a door frame	security for the teens
$92	one truckload of quarry stone	rock-solid foundations

TWO WAYS TO CHIP IN

CanadaHelps

https://www.canadahelps.org/en/charities/golder-trust-for-orphans-canada/

perfect if you're in Canada and want an instant tax receipt

Given Gain

https://www.givengain.com/cause/goldertrust

great for supporters anywhere in the world.

WATCH IT TAKE SHAPE

We'll post progress pics with #Bricks2Beds so you can spot the materials you funded as the new block goes up, right through to move-in day for a dozen determined teens. With Bricks2Beds every brick, plank and tin of paint brings bedtime closer. Thanks for getting behind their future.
